19 January 2024

Dear Parent/Carer

At Highfields School high expectations and student progress are paramount. We want to ensure that all students meet or exceed their potential.

As a result of this we have decided to run a series of Saturday School sessions in GCSE Mathematics. This will enable the Mathematics Department to offer additional teaching and targeted support for your child in the areas of the course where a specific weakness or knowledge gap has been identified. Success in GCSE Mathematics is imperative and current guidelines are that a minimum of a Grade 5 will be required to access most Post 16 courses. I believe that your child's attendance at these sessions is vital for success in this subject.

Therefore, I would like to invite them to attend the following session:

- Saturday 27th January from 9:15 am to 12:30 pm

Your child will need to arrive to the session with their school equipment (laptop, pen, pencil etc.) and bring a drink and a snack for break.

If you are happy to allow your child to attend the above Saturday School session, can I ask you to confirm this by completing this <https://forms.office.com/e/cs17XUQSiS> by Wednesday 24th January 2024.

Please do not hesitate to contact the school should you require any further information or wish to discuss your child's progress in this subject in more detail.

Yours sincerely
