April 2024

Dear Parent/Carer

It has been nice to welcome students back to school this week after the Easter break. Please note that the Spring 1 Review for your child has been uploaded to MCAS. I am pleased to see the progress being made and I want to take this opportunity to express how proud I am of the students work and conduct. Thank you for your continued support with the options process, it is crucial that we work together during this time to ensure students feel supported and informed about the choices they are making moving forward.

This review can form the basis of some very useful conversations about your child's learning and how successful they feel that they are being. They may also allow you to identify areas in which students feel they can make any improvements necessary to be even more successful.

The progress review can be used to monitor, encourage, support, and guide your child. We hope it will help you to:

- Identify where your child is working hard and applying themselves well.
- Identify subject areas in which your child is making less progress and should be seeking advice and support.
- Start conversations about effort, progress, and their approach towards their subjects in Year 9.
- Have informed conversations during the Year 9 **Virtual Parents Evening on Wednesday 10<sup>th</sup> April**.

Please encourage your child to continue to work hard at home and in school. Encourage them to take pride in their homework and to be proactive about their learning. Please do not hesitate to contact the Year Team at [middleschoolsatff@hswv.co.uk](mailto:middleschoolsatff@hswv.co.uk) if this review raises any concerns. It is essential that we all continue to work together to help our students enjoy school and to ensure that they make the progress they are capable of.

Appointments for parents evening will be generated this evening and links for the meeting slots will be emailed to parents in preparation for tomorrow.

I look forward to a successful parents evening and term ahead.

Yours sincerely

J BRICKWOOD (Mrs)
